

To All Parents of Notre Dame students:

Thank you for choosing Notre Dame. It is the mission of the school to promote Catholic values and to assist our students to reach their full personal potential through a Christ-centered academic and co-curricular program.

We are all committed to setting the proper examples of Christ-like living to our children. A great way to do this is helping others and giving of our talents. The Notre Dame School Board of Education asks that every family give at least 25 hours of volunteer support to our school or parishes every year. With this generous gift of our parents' time, and the tremendous financial support that comes from our parishes, we are able to provide Catholic education and keep tuition rates low.

There are several opportunities for each of you to give of your talents. We recognize that many of you already give so much of your time and talent and it is truly appreciated. Please look over the following list and mark next to those areas that interest you. If you would like to provide help in an area that is not listed, please help us by suggesting additional areas at the bottom of the form.

Please return this form to either the Elementary School or Middle/High School office by October 1, 2012.
